

Practical SharePoint 2013 Enterprise Content Management (Paperback)

By Steve Goodyear

aPress, United States, 2013. Paperback. Book Condition: New. 2013 ed.. 234 x 190 mm. Language: English . Brand New Book. Practical SharePoint 2013 Enterprise Content Management is the first book to guide you through planning and designing each phase of your information life cycle with SharePoint 2013. Author and SharePoint expert Steve Goodyear walks you through how to analyze and plan enterprise content management (ECM) solutions for an effective and end-to-end information design based on your organization s needs and business requirements. Inside, you will develop a full understanding of how SharePoint 2013 manages content including identifying and understanding your organization s information within SharePoint, collaborating on transitory content, and capturing and controlling your records. You ll get practical advice and best practice instruction for each phase of the information life cycle to guide you on designing your ECM strategy and implementing your own ECM solution. You learn how to: * Apply a content life cycle model to analyze and understand your organization s information * Design your file plan with content routing rules for your SharePoint records repository * Plan and configure your eDiscovery portal and manage discovery cases * Design solutions to interface and integrate with external records...
