Brand New Book ***** Print on Demand *****.Excerpt from The Sumario Compendioso of Brother Juan Di ez: The Earliest Mathematical Work of the New World If the student of the history of education were asked to name the earliest work on mathematics published by an American press, he might, after a little investigation, mention the anonymous arithmetic that was printed in Boston in the year 1729. It is now known that this was the work of that Isaac Greenwood who held for some years the chair of mathematics in what was then Harvard College. If he should search the records still farther back, he might come upon the American reprint of Hodder s well-known English arithmetic, the first textbook on the subject, so far as known, to appear in our language on this side the Atlantic. If he should look to the early Puritans in New England for books of a mathematical nature, or to the Dutch settlers in New Amsterdam, he would look in vain; for, so far as known, all the colonists in what is now the United States were...
