Designed to help students recognize the sounds that form familiar words, each activity concentrates on phonemes, the building blocks of language, and lets students practice matching those phonemes to illustrations of recognizable words. As students see the relationships between the sounds that make up words, they form a better understanding of the spoken language, which leads to better reading comprehension. Activities focus on beginning sounds, rhyming, blending, and letter recognition. This resource supports the Common Core State Standards and supports core concepts of STEM instruction. The pack includes a Resource CD with 16 activities and a User s Guide.
